

## INDUSTRIES WE SERVE

As a result of our diverse capabilities, we have established ourselves as a key part of the operations of both local and national clients throughout a wide range of industries.

### Agriculture & Industrial

Throughout the region, we have become a trusted partner for some of the largest suppliers of construction materials. Based on our extensive experience in the agriculture and industrial industries, we can provide custom parts for almost any type of equipment or structure. We are known within the industry for the strength, durability, and reliability of our work.

## OUR SPECIALTIES

Our team combines industry experience with creativity and passion to create exactly what you are looking for.

Our projects range greatly in size and complexity, but we are often tasked with the following:

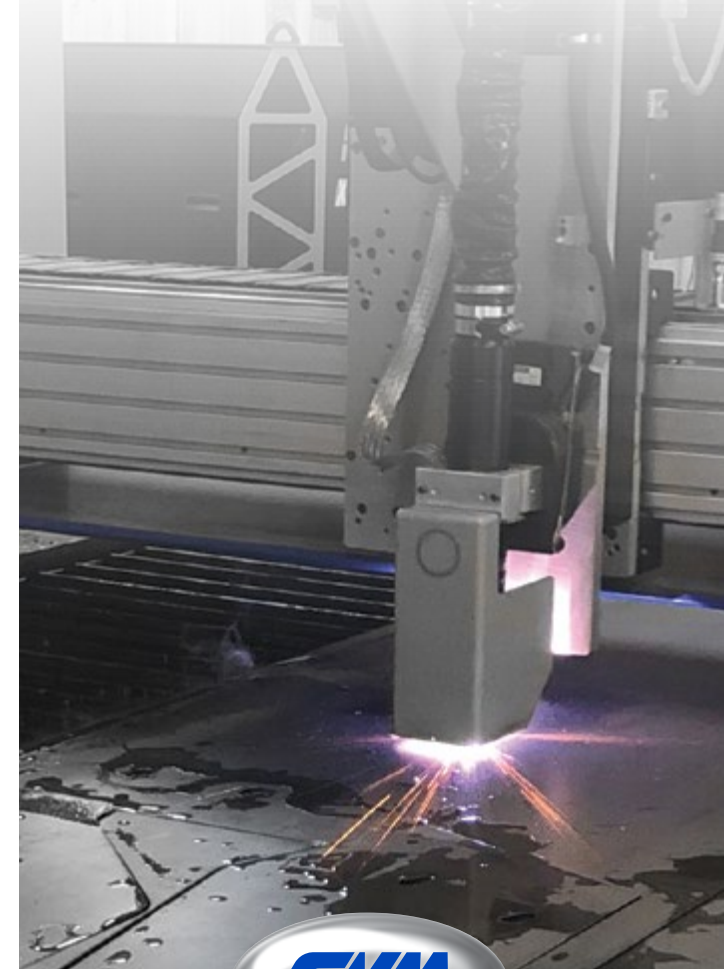

- Steel Tanks
- Storage Racks
- Hoppers
- Platforms
- Catwalks
- Metal Containers
- Plates
- Structural Components

**BUSINESS HOURS:**  
M-F: 7:00 AM - 4:00 PM

**MANUFACTURED  
SERVICES  
SINCE 1977**

**Design it.** You can count on GVM to not only meet, but exceed all your needs and requests. Learn more about the design service we offer, and let us know how we can bring your vision to life.

**Fabricate it.** No matter what your custom metal requirements are, the GVM Welders and Fabricators are highly capable of getting the job done in to your specifications, and we can even install for you.

**In-Stock.** At GVM, you won't have to wait for raw materials to arrive. Our experienced fabricators can choose from our large inventory of aluminum, stainless steel, or carbon steel to get your job completed in a timely manner.

**Come on in.** We welcome homeowners, farmers, contractors, corporate, and industrial clients to our facility at any time for repairs, design ideas, or raw materials. It's all in the details.

## OUR EQUIPMENT

At GVM we are able to complete all stages of metal fabrication in our shop located in Biglerville, PA. It is our wide range of equipment and software that enables us to offer such a diverse range of capabilities and maintain tight fabrication tolerances and deadlines.
